

## SIH Scholarship Program

The SIH Scholarship Program brings together college scholarship money with hands-on work opportunities. Qualified applicants are eligible for money to cover tuition, lab fees, books and educational supplies. Scholarship recipients will be required to sign a contractual work agreement stating they will work for SIH after graduating from their healthcare discipline. The length of the work agreement is dependent on the amount awarded to the recipient. Those who leave their educational program or chose to work elsewhere after graduation are required to repay the scholarship, including interest, to SIH as a loan. Additional information including frequently asked questions and the application can be found on our website at: [www.sih.net/careers](http://www.sih.net/careers).
